100-20

Dear Dick:

Many thanks for your response of 21 January 1986. You will be duly ensconced in our next issue of "Colloquy" which will be mailed next week. You have been placed on our regular list of recipients.

Dick, we are developing the program for our **SPRING '86 SYMPOSIUM** on the theme "**SECURITY--TRENDS AND IMPACTS**". Our sponsor is the Deputy Under Secretary of Defense (Policy), Mr. Craig Alderman, Jr. The event will take place, Tuesday and Wednesday, 8-9 April 1986 at the Naval Surface Weapons Center, White Oak, Silver Spring, MD. It will be conducted at the SECRET NOFORN level. Approximately 250-300 member attendees are expected. The majority will be senior executives from government and industry. To give you some feel for the 'ground' we expect to cover, I am enclosing a rough copy of the material we have provided our printer for inclusion in the next Colloquy.

By this letter, I am requesting CIA participation in the program in the form of a presentation addressing the agency's perspective on our theme. In addition to participation by our OSD sponsor, we are inviting senior speakers from DIA, NSA, FBI, ICS, SSCI and the Department of State. I hope most fervently that CIA may find it possible to contribute to what promises to be enlightened coverage of a topic of high current interest in both government and industry.

As we see it now, our program will consist of eleven 50 minute periods, with 6 on the first day (8 April) and 5 on the second day (9 April). Each 50 minute period should include time for questions. I have asked our

sponsor to cover the 3 periods on the first morning to address the Stillwell Commission Report and changes recently made and those anticipated in government security policies and procedures. Beyond the first morning I am awaiting word from those invited to participate to complete the rest of the program which may include a panel or two.

I will be the overall program coordinator. Any questions or need for further information may be directed to me at our headquarters in Annapolis.

~~I will be looking forward to your response. In order that we might firm up our program brochure by 7 February, a phone call response, with any written response to follow would be deeply appreciated if possible.~~

Kindest personal regards,

John E. Morrison, Jr.  
Major General USAF (Ret.)  
Executive Vice President
